

**STUDENTS**

- ☉ Reach me directly through REAMEDI Classroom -No books,
- ☉ It enhances my listening capability and increases my learning potential.

**TEACHER**

- ☉ REAMEDI CLASSROOM is a part of my teaching process, no duplicate effort.
- ☉ I am able to reach out to each student individually during my regular teaching.

**SCHOOL MANAGEMENT**

- ☉ Able to monitor & track any classroom session, performance of the students & teachers.
- ☉ Improves the overall productivity of the teachers there by increasing the performance of school & it's results.

**PARENTS**

- ☉ Helps to understand the performance of the students on daily basis, attendance, activities and their participation.
- ☉ Helps to do mid course correction of their wards instead of worrying about the results at the end of every term or year.

## Salient Features of REAMEDI CLASSROOM

- ☉ It is a REAMEDI 1T:1S Tab based teaching system.
- ☉ It achieves 1:1 Teacher: Pupil ratio in all the classrooms.
- ☉ Teacher and students interact using REAMEDI 1T:1S Tab in the regular classroom.
- ☉ It enhances the student's attention to the teaching and focus on the subject of teaching.
- ☉ No physical notes and books to carry – it has a digital book, digital notes for writing, typing and drawing on the fly by stylus and store it for each subject of study.
- ☉ Completely interactive learning throughout the class and enhances the activity based learning.

- ☉ On the fly assessment at the end of each class to measure the skill gap of the students, which helps the teacher to give attention based on student's learning capacity.
- ☉ Helps to identify the slow learners and improve their skills.
- ☉ Student collaborate with faculty and other students instantly.
- ☉ Automatic student attendance when he enters into each class.
- ☉ Alert when student is not focusing on the lesson to improve the classroom learning.
- ☉ Online monitoring of the performance of the student.
- ☉ One-to-One, One-to-Many and Many-to-Many collaboration.

- ☉ Helps the students to attend the REAMEDI Classroom from home/hostel in case of ailment or any other natural calamity through REAMEDI 1T:1S Tab.
- ☉ Teacher also can teach from home in case they couldn't make it to school due to some domestic issues through REAMEDI 1T:1S Tab.
- ☉ Teacher can use their Own content, 3rd Party Content, Video, Audio and locate the resource from internet and teach online at a time.
- ☉ Online capturing of every REAMEDI Classroom sessions into Education Cloud for review learning and knowledge sharing later.

**IT IS COMPLETELY DIFFERENT FROM SMART CLASSROOMS AND VIRTUAL CLASSROOMS, REAMEDI CLASSROOM IS INTEGRATED INTO THE DAY TO DAY TEACHING.**

## Scalable, Reliable, User Friendly

- ✿ Designed & Developed on Java / J2EE open standards, Android and iOS platforms.
- ✿ Platform independent & works on open as well as proprietary platforms in a cloud environment.
- ✿ Future and function rich teaching & learning environment designed in line with pedagogy
- ✿ Network interoperability and capable of coupling with different networks

## REAMEDI 1T:1S TAB BASED EDUCATION

### SCHOOL

- ☆ CBSE
- ☆ Matriculation
- ☆ Samacheer
- ☆ ICSE
- ☆ International Syllabus

### PROFESSIONAL COURSES

- ☆ Engineering Colleges
- ☆ Medical Colleges
- ☆ Pharma
- ☆ Business Schools
- ☆ Corporate Training

### UNIVERSITY EDUCATION

- ☆ University Education
- ☆ College Education
- ☆ Distance Education
- ☆ Open Universities
- ☆ Open Learning (NIOS)
